STUDENTS RETURNING FROM US
TO BE SENT TO NORTH CHINA

Thirty students who have been studying in the US have just arrived in Canton, eager to take part in China's reconstruction.

The group, originally numbering 39, arrived in Hong Kong on the President Cleveland. Nine students who had relatives in the port city were allowed to land there. The other 30 were held incommunicado on the ship until they could be transferred under guard to Shen-ch'uan (Shumchun). There they were welcomed by the local authorities who brought them on to Canton. The other nine will follow shortly and the entire group will then entrain for the north to take part in China's reconstruction. They are very happy to return to their liberated native land.

One of their number reported Chinese students in the US as eager to return to China and said a steady stream would soon be on the way back. A second group is expected about the middle of September.
